VOL. XXXXIX: NO. 33 — REDWOOD CITY, CAL., SATURDAY, NOVEMBER 30, 1907. — ESTABLISHED, 1859.

Buy in the Beautiful Gray Tract

One of the best subdivisions in San Mateo County. No adobe; the finest of soil—loam and gravel; beautiful oak trees, and situated on the Woodside road. This road is soon to be made into a beautiful boulevard. NOW is the time to buy. Only a few blocks from the new electric line. Don't let all outsiders come here and buy up the best. These lots are all 50x109 feet; no 25-feet frontage here. I want you to call at the office and I will show you what these lots are, and I would like to see our own people get in on the ground floor—not all strangers. About forty of these lots have been placed on the market for $250 each; 10 per cent cash, remaining payments to suit purchaser.

Stop That Cold

To check early colds or Grippe with "Preventics" means sure defeat for Pneumonia. To stop a cold with Preventics is safer than to let it run and be obliged to cure it afterwards. To be sure, Preventics will cure even a deeply seated cold, but taken early—at the sneeze stage—they break, or head off those early colds. That's surely better. That's why they are called Preventics.

Preventics are little Candy Cold Cures. No Quinine, no physic, nothing sickening. Nice for the children—and thoroughly safe too. If you feel chilly, if you sneeze, if you ache all over, think of Preventics. Promptness may also save half your usual sickness. And don't forget your child, if there is feverishness, night or day. Herein probably lies Preventics' greatest efficiency. Sold in 5c boxes for the pocket, also in 25c boxes of 48 Preventics. Insist on your druggists giving you

EVER HAVE IT?

If You Have, the Statement of This Redwood City Man Will Interest You.

Ever have a "low-down" pain in the back?
In the "small," right over the hips?
That's the home of backache.
It's caused by sick kidneys.
That's why Doan's Kidney Pills cure it.
Redwood people endorse this. Read a case of it:

Wm. H. Crow, living at 12 Washington St., Redwood City, Cal., says: "One naturally becomes impressed with a remedy that fulfills all claims made for it. Doan's Kidney Pills were recommended to me, and deciding to give them a trial, I procured a box at P. A. Ryan's drug store. I took them according to directions, and the results were very satisfactory. I have used them on several occasions since and have always derived great benefit. I believe Doan's Kidney Pills to be a most reliable remedy for pains in the back or any irregularity of the kidney secretions."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's, and take no other.

COUNTY OFFICIAL PAPER.

Saturday, November 30, 1907.

D. E. O'KEEFE.....EDITOR AND PROPRIETOR

Now is the time to buy an attractive home in San Mateo Co, the land of sunshine and flowers.

Notwithstanding the stringency of the money market, real estate transfers go right on.

When Dumbarton, Dingee Park and North Fair Oaks consolidate it will be Greater Redwood City.

Secretary Taft began his career as a reporter and ought to be able to interview himself interestingly on a trip over the Trans-Siberian Railroad

Americans who visit Europe spend $150,000,000 there annually. They will continue to treat themselves to this pleasure, and our neighbors across the Atlantic should not get excited over a smaller returning current of coin.

The proposition to consolidate the towns around the bay making Greater San Francisco is not meeting with much enthusiasm in this County. In the first place the scheme is premature and the towns proposed to be consolidated would gain nothing and would lose their identity. When there is a vast population crowded in the bay towns it might then be feasible to consolidate. We believe the time is not yet rife for the movement.

A tickling cough, from any cause, is quckly stopped by Dr. Shoop's Cough Cure. And it is so thoroughly harmless and safe, that Dr. Shoop tells mothers every where to gve it without hesitation even to the very young babies. The wholesome green leaves and tender stems of a lung healing mountainous shrub, furnish the curative properties to Dr. Shoop's Cough Cure. It calms the cough, and heals the sore and sensitive bronchial membranes.. No opium, chloroform, nothing harsh used to injure or suppress. Simply a resinous plant extract, that helps to heal aching lungs. The Spaniards call this shrub which the Doctor uses, "The Sacred Herb." Demand Dr. Shoop's. Take no other. For sale by P. A. Ryan.

Hill Climbing Contest a Success

The informal run of the Automobile dealers' aassociation to this City Sunday brought out the largest attendance of the season. Forty cars left the city at short intervals after the starting time, 9 o'clock. At the appointed hour Max L. Rosenfeld, president of the association, gave the signal from his Peerless, the pilot car, and the caravan moved down Van Ness to Market.

In line were Rosenfeld, in a Peerless; C. A. Howard and F. S. Howard, in Buicks; E. A. Hunter, E. L. Peacock and Henry McCoy, in Mitchells; J. A. Nickrent, E. E. Mason, and C. McDonald, in Tourists; Cliff Matherson of the Diamond rubber company and Jack Fleming, in a Pope--Clifford runabout, and several Ramblers, Wintons, Olds, Thomases and a Matheson car.

Perfect weather and good road conditions helped to make the hill climbing contest enjoyable. The course was 2,790 feet long, with a grade varying from 8 to 12 per cent. Although it had many sharp turns all of the machines came through without mishap, except the Pope--Hartford roadster, which lost a tire in the last race of the day, the free for all.

The best time over the course was made by Dr. O. C. Joslen's Stanley steamer, which was driven by the owner, and, in every event in which it was entred left the mark like a shot. The steamer covered the route, which was a trifle more than a half mile in length, in 54 seconds in the free for all. This was excellent time, considering the course and the fact that it was made from a standing start. A Stevens--Duryea little six, belonging to the Pacific motor car company and driven by Arthur Van Valim, did the most consistant work of the afternoon, being entered in three events and making the average time of 1:06.

FOR GREATER SAN FRANCISCO

Executive Committee Will Boost Project Along

The Executive Committee of the Greater San Francisco Committee has been appointed by Chairman Warren Olney and will hold a meeting this week to orgainze and get down to business .This committee was provided for in the resolutions adopted by the convention called last week by the Chamber of Commerce, and is to have charge of the investigations into the matter of consolidating the bay region into a great city. The committee is composed of five members, one from each of the counties affected by the consolidation. Chairman Olney apponited the following as members: Albert E. Elliott, Alameda county, Chairman; H. C. Cutting, Contra Costa county; R. M. Hotaling, Marin county; William L Gerstle, San Francisco city and county; John H. Coleman, San Mateo county.

After interviewing many of the leading business men and prominent citizens of this City it is learned that the people are unqualifedly opposed to the proposed scheme of consolidating the towns around the bay to make Greater San Francisco. Most likely a meeting will shortly be called to protest against suc action. The county is small enough without dividing it. Then, too there is nothing to be gained by consolidating.

The Supreme Court and Tax Deeds

It is important to property owners in this state that they cease to look upon tax deeds as a joke. Heretofore the courts have uniformly sought in every way to defeat a title based upon a tax deed and a tax title has been looked upon as the most precarious of claims to real property. Within the last few years, however, the legislature has enacted laws which forbid the upsetting of such titles upon mere pretexts and the courts are now upholding these statutes. Within the last few months a number of cases involving the validity of tax deeds have been passed upon by the Supreme Court and the deeds have been upheld. This has been made possible by curative acts of the legislature which, in terms, corrected clerical errors and ommissions made by the officers charged with the assessment and collection of taxes. It, therefore, is now to the great interest of the property owner to see that his property is not sold for delinquent taxes, for he can no longer expect a tax deed to be "laughed out of court."

Murder and Suicide at San Gregorio

A shocking affair occurred in San Gregorio last Sunday night. As the unfortunate man was about to close up for the night he called all present to come and have a drink. Foster came up with the rest and after accepting of Packard's hospitality stepped back a few steps and pulled a revolver which he aimed and fired, the bullet striking its victim in the neck and inflicting a wound which was instantly fatal. The murderer then turned the revolver and before any one present could interfere shot himself through the head and fell dead.

Good as Wild West Show

The runaway, Saturday, was the most exciting one ever seen in this town. It was an impromptu wild west show. After making a run down a steep grade, and executing several curves, the horse that was the star actor and had a four wheel vehicle attached to him, dashed onto the sidewalk at Warren's corner and kept on the sidewalk,running atfull speed, for nearly the length of the block and entered the Hawkins saloon. Haight was behind the bar at the time, but quickly stood aside until the horse selected the drink that he wanted. Meanwhile two other teams, frightened at the commotion caused by the first runaway, made good time down the street until they were stopped. The rigth--of-way accorded the wild runner down the sidewalk was unanimous and then a thousand men came out to see. One man, thrown from a wagon, was slightly injured.—The Kenneth View.

Haight mentioned in the above item is Harry Haight who was the mixologist at the Capitol saloon up until a few months ago.

San Francisco's Free Markets

Editor Times-Gazette—Sir Pursuant to direction of Board of Supervisors of the City and County of San Francisco, I beg leave to advise you that said Board recently adopted resolutions providing for the establishment of Free Markets in San Francisco.

Inasmuch as the establishment of said markets is intended to effect a closer business relation between the producer and the consumer, the Board requests you to give such publicity to this project, as will enable the producers and growers in your section to appreciate the benefits that will accrue to them by dealing direct with the consumer in San Francisco.

For your information I desire to state that plans are being prepared for the first of the City's free markets to be located on West Mission street between Hermann street and Duboce avenue; and in addition to this, plans are now in readiness for a free market to be constructed on state property located on the water front at the gore formed by East, Pacific and Drumm streets.

We will appreciate it, if, through your columns, you will induce the producers and growers in your section to keep in touch with this office and to correspond with and address their communications to the undersigned. We desire to become acquainted with all the producers and growers in the interior so that we may prepare to receive their products in the most practical and economical manner, and to this end we invite correspondence from all interior dealers interested in the project.

We cannot too strongly emphasize the benefits which the growers and producers will reap from coming in direct contact with the consumers of this community. The markets will be managed under city control, and the rules and regulations will be such as will insure an absolutely square deal to every producer and grower who brings or sends his produce to the market.

We thank you in advance for the interest which we know you will take in this matter in your paper for the benefit of the growers and producers in your section.

Yours truly

J. E. BEHAN, Clerk.

San Mateo Would Expand

A joint meeting of representatives of the Board of Trustees and of the Fire Committee of San Mateo Board of Trade, was held Thursday evening to consider the recent recommendation of the Fire Committee to the Board of Trade.

After an extended discussion of all the matters under consideration, it was found that to adopt the entire improvement plan as proposed by the fire committee, would cost the city for interest on bonds, for a sinking fund, and for additional expenses of the fire department, $4,000 per year; or a 20 cent tax on the present assessed valuation.

It was decided as the unanimous opinion of all present that an assessed valuation of $3,000,000 was absolutely necessary to insure the proposed improvement, and at a late hour the following resolution was declared adopted:

Resolved, That steps be taken to add to the assessed valuation of the city $1,000,000 by annexation of outlying territory upon the understanding that when the same is done, the city will provide a steam fire engine, fire alarm system, additional hose and a small partly paid fire department, as recommended by the Board of Trade Fire Committee.

The increase in tax rate of any adjoining territory annexed would be very light as such annexed territory would not aid in paying for former bond issue of that city, and the saving to any property owner in the territory to be annexed by the reason of lower insurance would more than compensate for such increased tax rate.

County Promoters to Meet

The Eighth Semi-annual Meeting of the Counties Committee of The California Promotion Committee will be held at Fresno, Saturday, December 14th, next, and the indications are that this will be one of the most important meetings ever held by the committee. The subject of the meeting will be "Marketing of California Products". There will be an innovation in the program this year that will appeal to those who attend, as it will give every one an opportunity to be heard on the topics discussed. There will be but eight stated speakers, and these will read twenty minute papers on the various sub topics of the general theme. After each paper, time will be allowed for a general discussion of the paper.

Two Trains Daily

The Ocean Shore Railroad has so far achieved its purpose that it is now regularly running two trains a day to Pedro Valley, a distance of twenty miles from San Francisco and is running five trains to that point on Sunday and holidays. The trains start from Twelfth and Mission streets at 9:15 a. m. and 2:15 p. m. every week day. The forenoon train gets back to San Francisco at 1:15 o'clock in the afternoon, and the afternoon train reaches Twelfth and Missionstreets at 5:45 o'clock, taking three hours and a half for the entire round trip, including stops at the various prospective towns and suburban residence sites along the ocean shore.

The Sunday and holiday schedule sends trains out from Twelfth and Mission, 9.15, 10.40, 12.05, 2 and 3.25 o'clock, the earliest train getting back at 11:55 in the forenoon and the latest at 6:10 in the evening.

Most of the route is along the ocean cliffs, commanding a superb outlook over the Pacific.

The Dangerous Age.

If a man is going to commit a crime during his lifetime the chances are that he will do it at the age of twenty-nine. It is a curious fact that statistics have shown that man is more dangerous at this period of his life than at any other. The majority of criminals in the state of New York have for some time been of this age. The general supposition is that men have attained the highest development of their mental and physical powers at twenty-nine, and they are supposed to be able to distinguish between right and wrong and to realize the consequences liable to follow the indulgence of either. Next to the age of twenty-nine the greatest number of criminals have been twenty-one, twenty-seven or forty-five years of age. The intervening years, in which men do not commit as many crimes, have not been explained by expert criminologists who have made investigations proving the above statements to be true and who are still working on a solution of the problem. —New York Herald.

She Didn't Accept.

A little episode once greatly delighted Calve, the famous prima donna. She was being escorted over a famous grotto when she suddenly thought of an opera and burst into song, to which the boy who was her guide listened with much satisfaction. When she stopped he seriously remarked, "If you asked the proprietor whether you might sing in here while the people are being shown over I think he would pay you well." "How much do you think he would give me?" asked the prima donna, entering thoroughly into the spirit of the adventure. After thinking carefully the boy replied, "About 5 francs a day."
